SENIOR CLASS OFFICERS

I did it MY way

Shake it up baby!!!

Good Friends,
Good Beer

A message from the senior class president.

For the past four years you have given me the opportunity to serve and represent us as President. Being President for the class has been a challenging and arduous position that has enhanced and strengthened my leadership qualities. We as a class can always be proud of our accomplishments here at Worcester State College. The members of our class that have excelled in student government have made us a very vocal and dominating class over the past few years. Our two first place and two second place finishes in the winter carnival competition is a record that hopefully will stand forever. Whether it be Winter Carnival, Lancers or Student Senate, our school spirit and dedication will always be looked up to by the classes that follow us. To those of you who have elected me, I thank you for your support and I hope I lived up to your expectations, to those who didn't I hope you were not let down. Yes, mistakes were made along the way and you take your punches and then come right back. That's part of it all too. Whether you've known me by being involved in Student Government or whether you've just seen me criss-crossing campus going from classroom to classroom, I want you all to know that I gave it all that I could and if I had to go back I wouldn't change a thing. Now we leave Worcester State. Some of us will go on to graduate schools, others to the work force. If I could just leave you with one thought, we must realize that throughout our lives many challenges will be put upon us. Some may even be risks. We may be asked or told to do things that we feel uncomfortable at doing. We could be a manager, an executive or an administrator where crises will occur and we're put to the test. It could be something where a moral or ethical question will arise. But a situation where a decision will have to be made. Just remember: It is not the kind of situation we are in at which people are going to look at us and make a judgement. It is how we handle ourselves in that situation at which people are going to look at us and make a judgement. YES, There is a new road ahead of us, one that will have it's hills, curves and bumps, but one that we will all be on together. We've made it down the last one and we'll make it down the next. I wish you all the best and only the best in the years ahead of you.

Sincerely;
Dennis C. Gallagher
Class of 1990 President

BYE, BYE

Good-bye, my friend, this is the end
I hope, someday, I see you again

Fun times we've had, others were sad
There were even times you made me mad

But most of all, what I recall
Is that with you I always had a ball

Still so much more you should explore
You can always return to my door

Friends forever, I'll forget you never
Even though we won't be together

Good luck to you, your whole life through
In whatever you decide to do

I'll always be hoping to see
Your smile again, go get 'em buddy

The time has come, you gotta' run
Remember, your life has just begun

Good-bye, my friend, this is the end
I hope, someday, I see you again
